Light Bar Brackets

LightBar and Hanging Tridents lights come in many varieties. Depending on the application you can pick and choose from the following brackets and mounting items. LightBar comes with a U-Tron proprietary profile that has a running groove on the top center. The sliding eye bolt can be used to hang the lights in a very simple way. No other complicated attachments necessary. If the lights get heavier then you want to consider more sturdy 5mm eyebolt and with a turn buckle. Remember the turn buckle has reversed thread on end so you must choose the correct part when ordering.

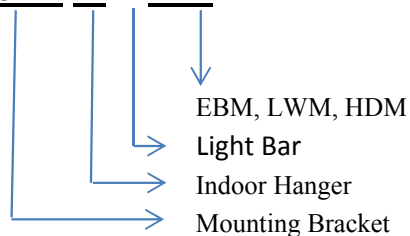

Ordering Part number

Part Number	Material	L (mm)	W (mm)	H (mm)	Inside Φ (mm)	Outside Φ (mm)	Weight (kg)	Finish
68MB-IHL-EBM	Stainless Steel	15	5	100	n/a	n/a	0.035	Stainless
68MB-IHL-LWM	Aluminum	45	70	55	n/a	n/a	0.035	powder coat
68MB-IHL-HDM	Iron	100	53	204	n/a	n/a	0.405	powder coat
