## 68MB-SPP-SI

## 68MB-SPP-DO

ParkLED mounting options: We provide versatile “Square Pipe” or SP series mounting brackets that will work with not only with any old style poles found mostly in the Northern American markets, but at the same time it will blend in well with any new installations for area lighting applications. The plates will fit into our lights and the welded arm (most cases a square pipe) will extend into the existing square arms of the poles. Single mount and Double mounts are available for detail please see the datasheets on our website.
